

## Revise This: How to See Your Writing Again in a New Light

This workshop is suitable for middle, high school, and college students, and can be tweaked according to participants' needs and skills.

In this workshop, we will:

- Review tips for revision
- Work with portions of [“Lending a Hand with Revision.”](#) a special electronic issue of *Writing* magazine (which I edited in the fall of 2006).
- Spend some time practicing editing and revision techniques
